# EHPA Water Forum

## Overview

Catherine Feeney & Suzie Sarkis

Water Unit

Health Protection Branch

# Purpose of the day

**What will the day entail:**

- Refresher on the application of risk management principles in managing water-related public health risk
- Highlight key challenges through case studies
- Provide input and feedback

**What do we hope to achieve:**

- Exchange knowledge and practical tools
- Identify opportunities to improve guidance and tools to enhance a joint response to managing water-related public health risk
